All our colleagues in our group, our talented, experienced and innovative human resources, and the value we attach to our employees are the most important treasure of our institution.

Dear Stakeholders of Has Group, Our Very Valuable Friends and Employees;

As Has Group, our principle of "Quality in service and production", which we have been following for 30 years, has brought us success in becoming the preferred brand. We are happy to be one of the most admired and respected institutions with our activities at home and abroad. From now on, we will continue on our way by raising the bar even higher and embracing innovations and changes. By staying true to our core values, we will constantly renew and develop our strategies, business lines and organization.

We derive our motivation from the awareness of increasing our contribution to our country's economy and adding more value to our employees. We support our economy with great solidarity and common values with our customers, business partners and employees in the fields of Tobacco, Food, Tourism, Hotel Management and Housing Construction.

Our greatest priority is to carry the determination and effort we have shown so far to the next generations with the same spirit and desire, and to be a leader in all sectors in which we operate, both with the contributions we will make to the country's economy and the added value and employment we will create, and to develop the quality circles we have created with increasing excitement day by day. Is our ideal.

I offer my respect, greetings and love to all of you.

Ali KILIÇ
Has Tobacco Group
Chairman of the Board

HAS Group is one of the leading companies in the sectors in which it operates, operating in the fields of Tobacco, Food, Tourism, Hotel Management and Construction in Türkiye. Since its establishment, it has gained an important place in the sector with its quality products and customer-oriented service approach.

Has Group, which established its first facility in 1998 in Hacı Sabancı Organized Industrial Zone, which has become an important industrial center of Adana, has become an important brand in the sector in a short time with its constantly growing areas of activity since its establishment, its developing expert staff, as well as the importance it attaches to efficiency and quality. .

Has Group; It is a group of companies that has grown and developed since our chairman of the board, Mr. Ali KILIÇ, started his business life in the 80s.

A group of companies that has qualified its production from tobacco to food, from tourism and hotel management to construction, with the employment it has created.

Mr. KILIÇ, who continued his business life for many years, founded our first subsidiary, Gap Çay Gıda Sanayi Ltd. Sti. in 1998, and then in 2005, he established Ali KILIÇ Gayrimenkul Ltd. Sti. where he started residential and residential construction activities.

Continuing his successful activities in both the food and construction sectors, Mr. KILIÇ aimed to enter the tobacco industry with his investigative and questioning nature and as a result of his research, he established Has Tutunculuk ve Makaron San. Tic. Ltd. Sti. in 2010. Following obtaining the necessary licenses and permits in early 2013, Mr. KILIÇ entered the sector with cigarette tubes and cutted (roll your own) tobacco. In 2018, he entered the Tourism and Hotel Management sector and included the 4-star Sedef Hotel into his group of companies.

Our entire group of companies is managed and managed by senior managers who are known for their many years of experience and provide services within the framework of corporate identity with professional management staff and expert engineers and experts.
